DIM allows private clients to work with Weybridge Assets on a discretionary basis. It is a highly structured and personalised approach for clients with at least US \$1,000,000 in investable assets, for busy individuals who prefer to delegate the day-to-day management of their investments to trusted professionals. Weybridge Assets' DIM (Discretionary Investment Management) team, have collectively over 100 years of industry experience between them managing high net worth client portfolios. This provides great confidence and reassurance to their clients. The majority of the team are based in their Weybridge Assets Singapore headquarters. This coupled with external international sources of assistance ensures they maintain an objective and collective strategy.
