Weybridge Assets delays to next year their inauguration of Eastern European client division.

July 8, 2013/Singapore – Weybridge Assets has announced pausing deployment and inauguration of their European offices to next year.

The commencement of their new offices to service their growing Eastern European client base has been deferred to Q2 2014, the company founder, CEO & President Mr. Michael Ford announced.

Weybridge Assets, Inc. has met all statutory licensing requirements and currently the company is in its final steps in acquiring all necessary business warrants from local Authorities. The launch of European offices has been rescheduled to coincide with tax year end 2014.

“Although there have been minor delays logistically migrating already established key managers, the complex and bureaucratic process procuring all mandatory work permits has also hitherto hindered a smooth transition.” said Ford.
