Weybridge Assets announces expansion in Equity Research team.

June 6, 2014/Singapore – Weybridge Assets announced today the expansion of the firm’s Equity Research team with the appointment of two research analysts based at their headquarters in Singapore.

Dr. Lawrence Bosworth BSC as Senior Healthcare Analyst, and Mr. Topher Goldman a Mining and Minerals Industry Analyst.

Commenting on the appointments, Director of Operations (DOP) Mr. James Tyler said “We are delighted to welcome the Lawrie and Topher to our established Equity Research team headed by Abraham Childs. They will both contribute in the evaluation of investment opportunities in their respective industry sectors, by investigating specific industry dynamics, determining the competitive landscape and evaluating relevant financial and non-financial metrics. We do understand that the true value of 'research and analysis' is all about its succinct communication and prompt disclosure.”

Dr. Lawrence Bosworth BSC (Hons) has over 15 years experience in the Medical Devices Sector. Prior to joining the firm, Lawrence was a Senior Analyst in Equity Research at Wells Fargo in New York, then later in their office in Mumbai where he covered both large and small market capitalisation 'MedTech' companies for 8 years. He also worked at Amethyst Life Sciences, Inc. California. Amethyst Life Sciences, Inc. has been supporting the life sciences sector for nearly 2 decades by providing both qualitative and quantitative market research services and harnessing the latest technological offerings. Lawrence’s research has been recognised in numerous investor surveys and polls, and his work is frequently quoted in the media. David received his Bachelors degree in Biology from the Stanford University in USA.

Mr. Topher Goldman has worked in the investment industry since 1987 as a Precious Metals Mining Analyst for various high-profile firms. Prior to this, Topher worked as a geological engineer in mining operations in remote locations. His coverage list includes the Middle East and the America’s. He holds a Bachelor’s degree from Utah University from Dept. of Mining Engineering.
